Ghada Abdullatif

Assistant Lecturer & PhD Researcher in AI | Communication & Electronics Engineering | Skilled in Python, MATLAB, DSP, and Circuit Design | ABET & QA Experience

AI Manşūrah, Ad Daqahliyah, Egypt

Summary

Experienced Teaching Assistant and AI Researcher with a solid background in Communication and Electronics Engineering. Skilled in a wide range of subjects including Python, AI, MATLAB, CCNA, Network Engineering, Electric Circuits (I & II), Signal Analysis, Electronic Devices, Statistics, VLSI, Computer Architecture, Power Electronics, and Digital Signal Processing (DSP).

Earned a Bachelor's degree in Engineering from Nile Academy for Engineering, with a specialization in Communication and Electronics. Completed a Master's degree in Artificial Intelligence, and currently pursuing a Ph.D. in AI at Mansoura University.

Experienced in ABET accreditation processes and local quality assurance systems with a results-oriented approach. Passionate about applying AI in engineering fields and seeking international academic or research opportunities to contribute to innovative and high-impact projects.

Experience

Nile Academy for engineering

Assistant Lecturer

February 2023 - Present (3 years 3 months)

Nile Academy

8 years 8 months

Teaching Assistant

September 2017 - Present (8 years 8 months)

Ad Daqahliyah, Egypt

Teaching Assistant

September 2017 - Present (8 years 8 months)

Nile academy for engineering

Teaching Assistant

October 2017 - February 2023 (5 years 5 months)

El Mansoura, Ad Daqahliyah, Egypt

Education

Mansoura University

Master's degree, communication and Electronics · (September 2019 - February 2023)

nile academy for engineering

Bachelor of Engineering - BE, Communication and Electronics engineering · (2012 - 2017)

Mansoura University

Doctor of Philosophy - PhD, Electronics and Communications Engineering · (October 2023)
